

UNIVERSITY OF  
Southampton

# Internationalism in HE

Maria K. Norton

Senior International Partnerships Manager  
(Networks & Development)

9<sup>th</sup> November 2020

## overview

- purpose and strategy

our international vision:

The University of Southampton will be a leading global institution, enhanced by select high-value partnerships, with global reach in education and research that leads to real-world impact. The University will attract world-class talent, support its communities and celebrate its diversity.

- shared meaning? internationalism and Internationalisation
- case study: Internationalisation of HE: Capacity-building through e-learning

**What benefits can internationalisation bring?**

# Internationalisation of HE: Capacity-building through e-learning

objective: agree on a shared vision of internationalisation and identify 3 key actions to progress

## mission

To connect students and staff university-wide and broaden both institutions' capacity for internationalisation and partner with each others' partners.

# Research and mobility

Curriculum: content and pedagogy, culturally-appropriate, ICC

Established research connections: more mobility here

Networks: facilitating access, working with Ps of our Ps

Language skills and language training; approach to EMI/ S/ P

## How to have a truly transformational experience

Action:

1. expand our exchange agreement for 2020
2. set up calls between i) our Pro V-Cs Research December 2019
3. shared internal funding levers to facilitate research exchange

# Staff and students

1. Exploring collaborative practices in blended delivery of education

open course delivery: 4 facilitators-in-training from UFMG

2. Sharing practice with the global and local cohort:

Bespoke webinars with contextualised local content

3. Discuss and plan new collaborations, e.g. English for HE professionals

Action: EMI MOOC to run in April, June and October 2020
